

## ***Speaking and Teaching Topics***

**More Than Just a Journey** – Our journey is more than what we think it is. Moses found God in the details of our journey and we can as well. It is a call to view, change, and experience your journey in a whole new way.

**Becoming Seekers of Christ** – Based on Acts chapter 17 – Encouraging women to become seekers of Christ. I have done this for Christmas and tied it into the wise men still seeking.

### ***Worship Series*** –

- Worship vs. Praise
- The Transformational Power of Worship
- Growing a Church through Worship
- The Lead Worshipper
- The Worship Team

**Under the Broom Tree** – Hope for those who have given up. We have all given up on something or someone in our life time. This message digs into the story of Elijah, what led him to give up, how God turned his despair around, and what we can do to help ourselves and others.

**Tina's Personal Testimony** – (Requested often) An amazing story of one family's journey through poverty, abuse, being homeless, running from the law, and how God delivered them and brought them all back to Him.
